Objective

I am a web developer with a strong passion for creating responsive and user-friendly websites. I have a solid understanding of front-end and back-end technologies and enjoy solving problems through clean and efficient code. I am looking for an opportunity to apply my skills, work with a collaborative team, and grow professionally in a dynamic environment.

Skills

- Front-end: HTML, CSS, SASS, JavaScript, Bootstrap
- Frameworks & Libraries: Knowledge of React.js
- Back-end: PHP, MySQL
- Tools & Platforms: WAMP Server, Git, VS Code, Figma

Education

BBA in Computer Application
MIT ACSE, [2023-2026]

Projects

- **E-Commerce Website - FABrecate**
Built an online clothing store with a responsive design, user authentication, and payment integration.
- **Portfolio Website**
Designed and developed a personal portfolio to showcase my projects, skills, and contact details using HTML, CSS, and JavaScript.
- **Hackathon Project**
Worked as part of a team to develop a web-based solution during a hackathon, using modern web technologies.

Certifications

- Enrolled in Full-Stack Development - Udemy

Languages

- English - Hindi - Marathi

Additional Information

- Passionate about UI/UX design and optimizing web performance.
